Mr Kenn Beer
Principal Engineer
Safe System Solutions P/L
Office G2, 10-14 Hope Street
BRUSWICK VIC 3056

Dear Kenn,

ROAD SAFETY AUDIT TRAINING

I wish to advise that the following training courses delivered by Safe System Solutions P/L are accepted as being equivalent to the Department of Transport (DOT, formerly VicRoads) road safety audit training (i.e. days 4 and 5 of the Road Safety Engineering Course):

1. The two-day face-to-face course, which was previously recognised, and
2. The five-part remote learning (webinar) course.

Recognition of these training courses is subject to the following:

- DOT reserves the right to periodically review the content of the courses
- Upon publication of an updated version of Austroads Guide to Road Safety: Part 6, Road Safety Audit, the course content is to be reviewed and amended as necessary
- DOT reserves the right to retract recognition of either course at any time if it is determined that they no longer meet requirements
- The courses must not be represented or marked as DOT endorsed, other than for the purposes of indicating that they meet DOT's training requirements relating to road safety auditor registration
- This recognition will stand for two years from the date of signature and supersedes any previous recognition.

Yours sincerely

Chris Jones
Manager, Safer Roads and Speeds
