

THE (SOCIAL) DISTANCE EDUCATION VERSION ROAD SAFETY AUDIT

STARTS 24 NOVEMBER 2020

covers the new Austroads Guide to Road Safety Part 6 and 6A: Managing and Implementing Road Safety Audits

meets the **VicRoads/DoT course requirements for registration as a Road Safety Auditor**

This course is relevant to individuals that want to become a Road Safety Auditor or those required to manage the Road Safety Audit process and its outcomes. Covering the new Austroads Guide to Road Safety Part 6 & 6A current accredited Road Safety Auditors that wish to undertake a refresher course may also attend. Upon successful completion of this training, participants will be eligible to register as a Road Safety Auditor in Victoria on the VicRoads Road Safety Auditor Management System www.vrsa.com.au

THIS INTERACTIVE PROGRAM GIVES YOU:

- Learning from **home**, maintain your physical distance from others & get your Road Safety Auditor **accreditation**
- Complete the **field exercise near your home** - tell us where you live or want to be and we tailor an audit location near you
- **Video** support while you complete your audit
- Phone & email support throughout the program
- Supportive peer learning group via chat functionality
- **Engaging** content including live modules, quizzes, games and prizes to keep you motivated
- **Education pack** delivered to your door, includes design plans, exercises and a report template

SUCCESSFUL COMPLETION

In order to successfully complete this program and gain your certificate to become a Registered Road Safety Auditor, you must:

- Attend a minimum of 4 out of 5 live webinars (all webinars are recorded and available to review), and view any not attended.
- Satisfactory completion of all set tasks - including quizzes, exercises/assignments, audit site visit & audit report.
- Achieve an average 80% pass mark on all quizzes (up to three attempts with one-on-one coaching available if required)

TIME COMMITMENT (OVER 3 WEEKS)

TRAINER

Kenn Beer

(BEng (Hons), MPIA RPEng)

Kenn is the Principal of Safe System Solutions Pty Ltd, a specialist road safety engineering consultancy based in Melbourne. Before founding Safe System Solutions Pty Ltd in 2013, Kenn worked for VicRoads in a variety of roles including Manager Planning, Manager Program Development and Team Leader Road Safety Engineering. During his career Kenn has undertaken over 250 Road Safety Audits on some of Australia's most high profile and complex infrastructure projects. Kenn has been the lead trainer for the official Road Safety Auditor course in Victoria, South Australia, Northern Territory and Tasmania. Kenn was a specialist advisor for Austroads Project SAG2060 – updating the Guide to Road Safety Part 6: Managing Road Safety Audits & Part 6A Implementation of Road Safety Audits.

Kenn is a road safety engineer, Senior Road Safety Auditor and transport planner with further qualifications in training and assessment. Kenn will be joined by specialist guest presenters throughout the program.
