

ROAD SAFETY BARRIERS FUNDAMENTALS TRAINING

STARTS 2 FEBRUARY 2021
2PM - 4PM

This course is fully updated to include recent changes to guidelines including AGRD Part 6 and the transition to MASH standards

This course provides attendees with an understanding of the fundamentals of road safety barriers, including the types of barriers, identification of hazards, the appropriate use of barriers and the testing standards. This course is a pre-requisite for those wishing to attend the Road Safety Barriers II – Applications course (unless an exemption is sought from Department of Transport Road Design & Safe System Engineering).

WHO SHOULD PARTICIPATE?

- State and Local government personnel
- Engineers, planners, designers, traffic managers
- Consultants involved in road safety barriers
- Road safety practitioners
- Road Safety Auditors that want to improve their understanding of road safety barriers

THIS INTERACTIVE PROGRAM GIVES YOU:

- Learning from **home**, maintain your physical distance from others & learn the latest information about road safety barriers
- Phone & email support throughout the program
- Supportive peer learning group via chat functionality
- **Engaging** content including live modules, quizzes, games and prizes to keep you motivated
- **Education pack** delivered to your door, includes exercises

SUCCESSFUL COMPLETION

In order to successfully complete this program and gain your certificate you must:

- Attend a minimum of 3 out of 4 live webinars (all webinars are recorded and available to review), and view any not attended.
- Satisfactory completion of all set tasks - including quizzes, exercises/assignments.
- Achieve an average 80% pass mark on all quizzes (up to three attempts with one-on-one coaching available if required)

TIME COMMITMENT (OVER 2 WEEKS)

Live Webinar participation -	8 hours
Assignment work -	1 hour
Quiz questions -	30 minutes
Total (CPD Hours)	9.5 hours

COST (PER PERSON, GST INCLUSIVE)

Road Safety Barriers (Fundamentals) \$1,200
