

Safe Travel to School

Gateway Treatments

Threshold markings, signage and/or treatments to clearly warn drivers that they are entering a lower speed zone, or an area requiring extra caution (e.g. school zone).

Advantages	Disadvantages
<ul style="list-style-type: none"> • Strong indicator to drivers of a change in the driving environment • Can be used to indicate a change in priority from vehicles to pedestrians • May enhance the effectiveness of other treatments by raising driver awareness 	<ul style="list-style-type: none"> • Will only be effective when supported by other treatments

Please note that the information in this document represents general advice only. Each site must be assessed in its specific context, and each treatment must be assessed on its merits.
