## Safe Travel to Schools Evaluation of Safety Treatments

Safe System Solutions Pty Ltd was engaged by the City of Darebin to undertake an evaluation of Safe Travel to School Routes through audits and evaluation of the effectiveness of any implemented audit recommendations. To identify what works well and what should be included in future travel strategies, the analysis was conducted school-by-school to:

- Engage with the school to identify current travel concerns and perceptions of the implemented treatments.
- Identify, classify and determine the impact of the implemented treatments.

**Project:** Safe Travel to Schools – Evaluation of Safety Treatments
