

PROJECT

Speed change reviews / proposals

Department of Transport

Safe System Solutions Pty Ltd was engaged by VicRoads Eastern Region (DoT Gippsland) to investigate and prepare Speed Limit Changes for over 20 areas by using “Speed Change Information Forms”.

The tasks included: reviewing/investigating existing speed limits and the areas for potential change; gathering requisite supporting data and engaging with key stakeholders as required and reporting to meet government requirements. .

Project: Speed change proposals & reviews

Client: VicRoads Eastern Region / Department of Transport Gippsland.
