Towards Zero Victoria's Road Safety Strategy and Action Plan

Safe System Solutions Pty Ltd was engaged by the Victorian Government to assist with aspects of the development of Victoria's Road Safety Strategy 2016-2020. These included; stakeholder consultation, community consultation, preparation and facilitation of Safe System roadmaps for motorcycle safety and speed management and advice on the effectiveness of road safety infrastructure.

The engagement was via the Transport Accident Commission covering the variety of tasks required to facilitate the successful adoption of the strategy by government.

The strategy launched in 2016 and covered Victoria's Safe System based strategic actions through to 2020 when it was superseded by the current road safety strategy.

Project: Towards Zero – Victoria's Road Safety Strategy and action Plan 2016-2020
