

Safe Travel to School

Pedestrian Crossing (Zebra)

Consists of white zebra crossing pavement markings and circular pedestrian crossing signs.

This treatment gives priority to pedestrians **at all times**.

Advantages	Disadvantages
<ul style="list-style-type: none"> • Provides permanent priority for pedestrians • Low cost 	<ul style="list-style-type: none"> • Does not reduce vehicle speed • Does not give priority to cyclists

Please note that the information in this document represents general advice only. Each site must be assessed in its specific context, and each treatment must be assessed on its merits.
